RENEWED PETITION UNDER 37 C.F.R. § 1.47(b)

Assistant Commissioner for Patents
Washington, DC 20231

Dear Sir:

In response to the Decision on Petition mailed January 30, 2003, Applicant hereby requests the Assistant Commissioner to reconsider the petition to treat the sole inventor as hostile for refusing to forward the executed Declaration/Power of Attorney under 37 CFR §1.63 to the office of the undersigned for eventual filing with the United States Patent and Trademark Office.

The facts surrounding the unsigned Declaration/Power of Attorney are as follows:

1. The inventors, Messrs. Salvatore J. Folino, Peter Vert and Cecil Beauman ("the Inventors") invented a gasket installation apparatus. This was the subject matter of a United States provisional patent application having a serial number of 60/119,390 and a filing date of February 10, 1999.
2. The Inventors assigned all right, title and interest in and to the above-

mentioned provisional patent application, as evidenced by an assignment.

3. A PCT patent application having an International Application Number PCT/CA00/00128, was filed on February 10, 2000. This PCT patent application claims priority to the above provisional patent application.

4. The above-captioned patent application, having a United States serial number 09/913,233 and a filing date of August 10, 2001 was filed claiming priority to the originally filed provisional patent application through the above-identified PCT patent application..

5. Mr. Vert executed a Declaration/Power of Attorney under 37 C.F.R. § 1.497 on September 19, 2001 for the above-captioned patent application. Mr. Beauman executed a Declaration/Power of Attorney under 37 C.F.R. § 1.497 on September 25, 2001 for the same patent application. Both inventors signed the Declaration/Power of Attorney on their own behalf and on the behalf of Mr. Folino.

6. On February 11, 2003, Mr. Salvatore J. Folino executed a Declaration/Power of Attorney under 37 C.F.R. § 1.497 for the above-captioned patent application. He had done so after consulting with his attorney.

Mr. Folino's home address has changed. His new home address is 338 Fern Avenue, Richmond Hill, Ontario L4C 8P6, as is indicated on his declaration. Applicant respectfully requests that the Assistant Commissioner accept the efforts of the Applicant and allow the Applicant to prosecute the patent application to its best ability as the patent application is an asset of the Applicant.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this Petition is directed.

The Commissioner is hereby authorized to charge any overpayment or underpayment of the above fees associated with this Communication to Deposit Account No. 50-1759. A duplicate copy of this form is enclosed.

Respectfully submitted,

David J. Simonelli (Reg. No. 36,680)
